COMPLETE SHOW DESIGN & MANAGEMENT

ENGLISH 2018

No doubt about it: we are moved by entertainment, we take meticulous care of each project and we adopt it as our own. With our experience and creativity, we try to bring added quality to each production that reaches us. We define ourselves as a company that provides audiovisual technical services and infrastructures for entertainment 2.0.

We love challenges, and we tackle them with ingenuity and creativity. We equip ourselves with the tools we need to do so, and this is why our company is constantly evolving, with creative young designers, technicians undergoing constant training, and the best professional equipment on the market.

At Check we also strive to offer a complete range of resources for spectacles, so in addition to audiovisual material we also have a variety of infrastructures, including Layher stages, security fencing, tents, electrical supplies, curtains, scenery, stands, etc. This is what gives us the ability to manage any kind of event from start to finish using our own supplies and staff, beyond just audiovisual equipment. From protocol-based and corporate events to trade fairs and conventions to tours and festivals on a small or large scale.

WHAT WE DO

Our main objective is to attain **excellence** in every project that our clients entrust to us. Our job goes beyond just putting on the event. It is also to make it stand apart, to ensure that our own **hallmark** quality shines through in each of our productions.

Behind every project is a **technical team** of young entrepreneurs, creative designers, and highly skilled technicians with serious training and extensive experience in each of the different technical branches in today's entertainment industry.

Our values are **safety, punctuality, reliability and meticulousness** in our productions. Our staff and equipment from the leading brands guarantee the excellence of every project.

More than 35 years covering the entire world of entertainment: sound, lighting, video screenings, stage assembly, scenery and all kinds of resources for comprehensive production.

◀ Qualified technical staff:

Extensive portfolio of professionals in the audiovisual sector with sound training and constant retraining. We are keenly aware of the professional and human qualities of all of our staff.

◀ Comprehensive service, seeking superior quality:

We transform ideas into projects, and projects into events. We do so with our own hallmark quality, from the first sketch of an idea to its in-situ production.

*If you need, please request our catalogue of rental material.

◀ Events:

We are experts in creating **innovative, impactful** events using the top technical and logistical resources and state-of-the-art materials. We put on all kinds of events in southern Europe: exclusive ones, for corporations, public administration and private individuals.

Our **service is comprehensive**. We coordinate everything from technical production to scenery, image and sound equipment, props... In short, everything you might need to transform your idea into a project, and your project into a great event.

◀ Corporate:

We create unique events from scratch with the utmost security, meticulousness and reliability, always meeting the deadlines stipulated. We have acoustic premises to soundproof all kinds of fairs and pavilions (both indoor and outdoor) and spaces for any kind of presentation: cooking rooms, lectures, technical workshops and product displays, commercial streets, Christmas parks, ice rinks... We are experts in stands for openings, conventions and trade fairs and in stationary installations for corporate headquarters.

◀ Exclusive:

We make all our lighting and sound resources and infrastructures available to you for protocol events, weddings and celebrations of all kinds. We help you design and dream up a unique, appealing and unrepeatable event which meets your requirements and satisfies your guests.

◀ Live:

We offer professional sound, lighting, video and stage assembly services for all kinds of concerts, tours and festivals.

We have supplies from the leading brands and a team of technicians who prioritise excellence. We make available to you all the resources for a comprehensive production: Layher stages, barricades, tents, electrical supplies, curtains, scenery, stands, etc.

◀ Theatres:

We provide the **technical and human support** needed for theatres, auditoriums, assembly halls and all kinds of infrastructures. We manage spaces and install stationary equipment, if needed.

We also have scenery, darkrooms and all kinds of decorative elements to make your show an unforgettable experience.

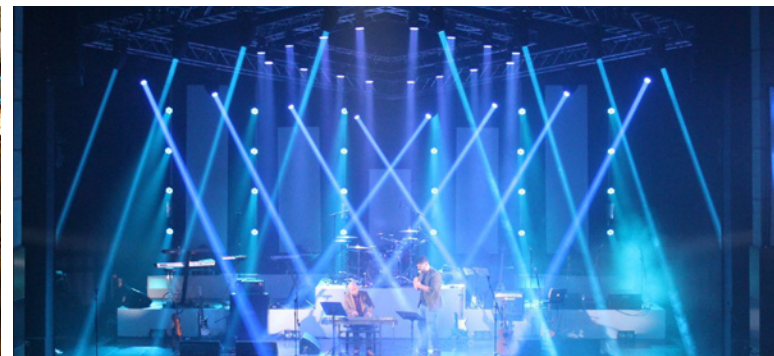

◀ Design:

Our technical department, made up of a team of highly qualified professionals, provides a **detailed study** of your idea before designing the project you have in mind.

We provide innovative, personalised and creative image, lighting and sound solutions with the possibility of visualising them in 3-D in order to guarantee that the project exceeds your expectations.
